Research Paper

Modeesha Kalani

Advanced Specialist DevOps & SRE at Pearson | MSc in Artificial Intelligence | AWS Solutions Architect | AWS AI Practitioner | Terraform Associate | GitLab CI/CD | Python | Colombo, Western Province, Sri Lanka

Summary

Cloud Engineer with more than 4 years of hands-on experience in AWS, Infrastructure as Code (IaC), automation, and CI/CD. Currently leading Pearson Lanka's largest infrastructure initiative (PDP/PIF) under the Developer Experience and Productivity (DXP) team. I serve as the SME for AWS CloudFormation Managed Services Templates, working closely with engineering teams to build scalable, compliant, and efficient cloud solutions.

My research project "HearMe" was recognized by Microsoft, SLASSCOM, NBQSA, and the World Summit Awards. I'm certified in AWS (Solutions Architect, AI Practitioner), Terraform, and GitLab CI/CD and I've been recognized by Pearson for outstanding contributions in cloud automation.

I thrive in collaborative, high-impact environments and am always exploring ways to blend cloud engineering with AI and automation.

Experience

Pearson

5 years 1 month

Advanced Specialist DevOps & SRE

February 2026 - Present (7 months)

- * Subject Matter Expertise on Infrastructure as Code - CloudFormation

- * Owner of Maintenance Epic for PDP/PIF

Senior Cloud Engineer

June 2025 - February 2026 (9 months)

- * Working as the owner of the epic for PDP/PIF (Pearson Development Pipeline/Pearson Infrastructure Framework) which is the largest epic maintained by DXP (Developer Experience and Productivity)

- * Actively interviewing and onboarding DevOps Engineers and Software Developers

- * Working as the SME - Subject Matter Expertise on AWS CloudFormation Managed Services Templates used across various teams inside the organization

Cloud Engineer

October 2023 - June 2025 (1 year 9 months)

- * Collaborated with customers in unblocking them from issues they face during deployments
- * Actively interviewed and onboarded Junior Engineers and Developers
- * Worked as the SME - Subject Matter Expertise on AWS CloudFormation Managed Services Templates used across various teams inside the organization
- * Implemented IaC features coming in as requests from software engineering teams and working on immediate priority fixes
- * Worked on ensuring Pearson Compliance in AWS resources across AWS accounts

Associate Cloud Engineer

July 2022 - October 2023 (1 year 4 months)

- * Implemented IaC feature requests from software engineering teams
- * Designed and Implemented Divvy IaC scanning for managed services pipeline
- * Enabled timely backups from production accounts to bunker accounts via backup vaults
- * Received special trainings from Amazon for developing in AWS and Advances developing in AWS

Intern Cloud Engineer

August 2021 - July 2022 (1 year)

- * Involved with developing components and features for a generic CI/CD pipeline and an infrastructure framework
- * Developed reliable infrastructure provisioning modules with CloudFormation
- * Configured CI/CD pipelines using gitlab-ci
- * Support application onboarding and migrations to AWS cloud
- * Provided technical support for troubleshooting issues related to platform and CI/CD pipelines

HearMe

Founder

February 2022 - January 2024 (2 years)

A learning development platform for hearing impaired children worldwide.

We have been recognized 3x by Microsoft for our initiative and the quality of the product and we are working in collaboration with Wickramarachchi Hearing Care Providers and Sri Lanka Hearing Impaired Children Association.

Mozilla Campus Club of SLIIT

Web Developer

May 2020 - January 2022 (1 year 9 months)

Education

SLIIT

Master of Science (MSc), Artificial Intelligence · (August 2025 - August 2026)

SLIIT

Bachelor of Science (BSc) in Information Technology, Software Engineering · (2019 - 2023)

Sabaragamuwa University

Higher National Diploma, English Language and Literature/
Letters · (2016 - 2017)

Sivali Central College, Rathnapura

School · (January 2007 - August 2016)
